# Highlights

## We Are Off To A Great Start

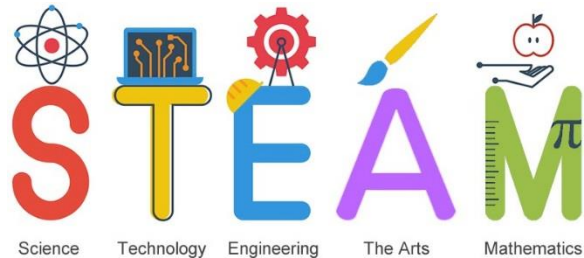

Taking some time to reflect and celebrate all of our wonderful accomplishments. We are so proud of our students, teachers, and families!

## New Programs and Initiatives!

*It's time to go full S.T.E.A.M. ahead!!!*

This year we will be introducing a brand new S.T.E.A.M. specialty, headed up by our very talented Mrs. Vasilakis. We have an exciting year planned with activities, experiments, parent engagement opportunities and much, much more!

## Introducing..... Ms. Davina Flood

Say "Hello" to the newest addition to our AEA family! We are happy to announce that Ms. Flood is our new Parent Coordinator. Her experience and team player attitude has made her fit right in!

## Construction is Well Underway!

There are big changes happening this year around the building where ground has been broken to kick off the construction of our new addition. The students are mesmerized with the back hoes, cranes, and hard hats. And best yet is that we have a front row seat to watch how the work progresses. Demolition and construction is never terribly convenient but we are taking every opportunity to create teachable moments as the work unfolds! "When life gives you lemons...."
